

# EPIPHANY SCHOOL

## TESTIMONIALS

“We chose Epiphany because we wanted a Catholic based education for our children. What keeps us at Epiphany is the high expectations of all the stakeholders in regards to academics, faith, technology, and instruction. The foundation that the students, their families, and the school all commit wholeheartedly to the education of the students is witnessed in every aspect of Epiphany.”

James Howey  
Parent, Grades Pre-K,1,4,6

“We send our children to Epiphany because of the kindness, care, competence, common sense and traditions that the leadership and faculty embody each and every day. Although Epiphany’s commitment to keeping up with technology and commitment to academic excellence are also worthy of recognition, I am most proud and pleased of the tried and true curriculum, that ensures our children don’t miss important standards and practices. We love the community spirit and family Epiphany gives to our children. No matter what grade they are in, the students are there for each other both in school and out in the community”

Brian & Tressa Heffron  
Parents, Grades K,2

“Epiphany School provides my children a high quality educational school that teaches so much more than just classroom subjects. Almost more importantly, it reinforces or teaches the students to be a person of good heart. It is something that is so lacking in our society today with such a “me” world. What I found, too, is that our children, upon graduating from here, are so very special and unique because of this. It’s a characteristic innate in all of them upon leaving the school that the rest of the world seems to gravitate toward. How could you not want to provide that gift to your child? There is no price tag on that. Period.”

Janeen Sutryk  
Parent, Grades 4

“We are very happy with the experience and education our children receive at Epiphany School. There is an atmosphere of friendliness and caring at the school that truly demonstrates to the children the message of Catholic education. It is a blessing to have a school like this, and we enthusiastically encourage anyone who is considering sending a child to the school to come see it and talk to some of the parents who have children there.”

Damian & Pia Rossettie  
Parents, Grades Pre-K,1,3,6

“Like so many parents, my wife and I are concerned about our daughter’s education and getting the right building blocks in a place for a bright future. Once we enrolled her in Epiphany School, we hoped our daughter would receive the value of her education that we had invested in. We immediately saw subtle distinctions in our daughter’s character that has set her apart from other children. These subtleties in her education and personal development have grown further still- completely surpassing our hopes and expectations. The growth we see in our daughter is proof that we had made the right choice for her education. She continues to develop in areas we had not even considered for her age and level. Epiphany School curriculum is fantastic- our daughter receives an outstanding education, but more than that, Epiphany is teaching our daughter what we teach at home: a strong moral center, empathy, and kindness. Though we would love to believe that our daughter is one in a million at Epiphany, we have observed that she and every other student there all display these outstanding characteristics.”

Dominick and Michele Varano  
Parents, Grade 2

“We choose Epiphany because the school provides an outstanding academic environment where our children learn our faith, feel loved, and are taught kindness and self respect. With the addition of state-of-the-art opportunities in technology, we feel the foundation they are building at Epiphany, whether it be faith-, academic-, or socially-based, is preparing them for a successful future. As a product of Epiphany, it brings me great joy to know the values that shaped my early life are being passed on to my children both at home and in school every day.”

Brian Rich  
Parent, Grades K,3

“We felt the small class sizes and curriculum would ensure our children could get a great education. We also hoped the Catholic religious education would continue the moral and character values we were instilling at home. These ended up both being true but it has been so very much more. Nine years later after we moved from Ohio we are blessed to be part of the wonderful community that is Epiphany. It is our home, our family, our friends, and our life. We love everything about Epiphany.”

Eric Riley  
Parent, Grade 5
